

THE INTANGIBLE PAPERS

Authorial Philology and Born-Digital Texts

📍 AULA MAGNA - University of Pavia

DECEMBER 11-12-13 2023

Centro per gli Studi nella Tradizione Manoscritta
e i Formi Moderni e Contemporanei

The conference *The Intangible Papers. Authorial Philology and Born-Digital Texts* was conceived as a response to the growing need to adequately treat and protect writers' born-digital archives. Guests from various Italian and foreign Universities and Institutions will share theoretical reflections and research experiences related to methods of acquisition, preservation and study of born-digital archives. The intent is to develop protocols and methodologies that can enable in the immediate future a true paradigm shift.

All talks will be available via live streaming on the University of Pavia's YouTube channel

December 11 2023
